Non-Profit Credit Counseling

2013 Veteran's Resource Fair

On July 20th, 2013 NBP proudly participated in the 2013 Veterans Resource Fair in Pleasanton, hosted by California State Senators Ellen Corbett and Mark DeSaulnier.

This event, a gathering of the Bay Area's regional network of resources for veterans, featured a financial literacy and fraud prevention presentation by Communications

Director Mark Leyes of the California Department of Corporations.

With a resource table at the event, NBP provided information about its debt management program and credit counseling services, which are all free of charge to Veterans and their families.
