## 7th Annual Senior Health and Wellness Resource Fair

*On May 2, 2013, Ivan and Marissa represented National Budget Planners at the 7th Annual Senior Health and Wellness Resource Fair in Castro Valley. This event featured a variety of vendors from the healthcare, transportation, housing, estate planning, and home care industries. As a vendor at the event, NBP provided refreshments and brochures to the attendees.*

*Ivan and Marissa also had the opportunity to interact with members of the senior community interested in learning more about the services and seminars National Budget Planners provides.*
