

Budgeting Seminar

On October 9th, 2013 National Budget Planners partnered with TVHOC to present "Budgeting," the first class in a two-part financial education series that took place at NBP's headquarters in Livermore, CA. Led by one of NBP's certified credit counselors, this seminar featured step-by-step training in fiscal planning methods. Participants learned techniques for avoiding overspending as well as in-depth instructions for tracking one's own spending habits. The group dynamic of the seminar allowed for relevant and personal discussions of specific budgeting problems encountered by some of the individuals present.

Attendees were able to learn from each other as well as NBP's official presenter. NBP's interactive financial seminars help participants gain control of their finances by planning for a successful financial future.
