

Las Positas College 5th Veterans Transition Event

NBP participated in Las Positas College's fifth annual Operation Gateway V: A Veteran's Transition to Success on July 19, 2013. Held on the Las Positas College campus in the beautiful rolling Livermore hills, this one-day program was designed as an orientation for returning veterans who wish to further their education.

NBP is proud that our materials were included in the packets that were distributed to all attendees, and our brochures are prominently displayed at Las Positas College year round.
