

Understanding Credit Seminar

On August 15, 2013 National Budget Planners presented "Understanding Credit," a seminar in which attendees were taught about the factors involved in maintaining healthy credit. The presentation addressed credit scores, attaining free credit reports, and the variables that can affect credit. The seminar, which was led by one of NBP's certified credit counselors, concluded with a group discussion.

Participants were enthusiastic and ask questions, allowing the presenter to expand of several topics.
